PROGRAM DETAILS

RECREATIONAL

Creative Dance is a beginner level class for 2.5-5 year olds. This class uses the imagination to learn basic movement in a fun and creative environment. This class is recommended to any first time dancer in the above age group.

Acro is a style of dance that combines classical dance technique with precision acrobatic elements. Dancers must be enrolled in a Ballet and/or Jazz program to enroll in an Acro class.

Ballet is a classical dance style using grace and precision to build a strong technical background. The technique gained in ballet is used in all other styles of dance.

Jazz is a technical but open style of dance. It is fun and full of energy consisting of leaps, turns, and other unique moves.

Lyrical is characterized by fluidity and grace that blends elements of ballet and jazz.

Contemporary is an expressive style that involves musicality, combining jazz, lyrical, and modern dance styles.

Tap is a form of dance using the sounds of tap shoes striking the floor as a form of percussion. This style allows dancers to not only dance to the music but add their own instrument.

Hip Hop refers to street dance and primarily involves breaking, locking, and popping. Hip Hop is a fun and upbeat style and has many forms.

S.T.R.O.N.G. is a class offered as additional training to our competitive dancers on our Royal and Slate Company teams. S.T.R.O.N.G. stands for Stretch, Technique, Reflect, Open, Nurture, and Grow. These dancers will improve their flexibility, refine their technique, and be challenged to get out their comfort zone with improvisation and personal reflection.
